This book provides an introduction to current trends in the study of the biblical prophets. It surveys the growing volume of work that has been on the redactional analysis of individual books and represents the first attempt to bring together these different strands of redaction criticism and to evaluate the effect they have had on our appreciation of the prophetic books as a distinct genre. The opening chapter deals with the methodology of redaction criticism as applicable to the prophetic books. The author then looks at the redactional history of each of the individual books in turn. The closing chapters consider the implications this approach has for our appreciation of these books and the aims of the writers who created them. In particular, the author draws attention to the literary nature of the image of The Prophet conveyed in the books about prophets.

A passionate account of how the gulf between France’s metropolitan elites and its working classes are tearing the country apart Christophe Guilluy, a French geographer, makes the case that France has become an “American society”—one that is both increasingly multicultural and increasingly unequal. The divide between the global economy’s winners and losers in today’s France has replaced the old left-right split, leaving many on “the periphery.” As Guilluy shows, there is no unified French economy, and those cut off from the country’s new economic citadels suffer disproportionately on both economic and social fronts. In Guilluy’s analysis, the lip service paid to the idea of an “open society” in France is a smoke screen meant to hide the emergence of a

closed society, walled off for the benefit of the upper classes. The ruling classes in France are reaching a dangerous stage, he argues; without the stability of a growing economy, the hope for those excluded from growth is extinguished, undermining the legitimacy of a multicultural nation.

Lessons in Islamic Jurisprudence Templeton Foundation Press
 This engaging collection presents thirty essays by Muslim chaplains reflecting on their experiences as spiritual caregivers. Through their first-hand accounts, they impart how they skillfully apply the mercy and compassion of the Prophet Muhammad to the people in their care. They also share how their faith informs their service, how they navigate the obstacles of a predominantly Christian profession, and how they administer to the spiritual needs of people of different faiths or of no faith at all. Working in a variety of settings—including hospitals, prisons, universities, and the armed forces—Muslim chaplains encounter unique challenges on a daily basis, requiring them to call upon the resources of their Islamic faith with wisdom and tenderness. The contributors to this volume explore these circumstances vividly and honestly. Their personal stories are instructive of how Islamic principles can be employed with spiritual insight to bring strength and comfort to the sick and suffering.

The life and legacy of one of Mohammad’s closest confidants and Islam’s patron saint: Ali ibn Abi Talib Ali ibn Abi Talib is arguably the single most important spiritual and intellectual authority in

Islam after prophet Mohammad. Through his teachings and leadership as fourth caliph, Ali nourished Islam. But Muslims are divided on whether he was supposed to be Mohammad’s political successor—and he continues to be a polarizing figure in Islamic history. Hassan Abbas provides a nuanced, compelling portrait of this towering yet divisive figure and the origins of sectarian division within Islam. Abbas reveals how, after Mohammad, Ali assumed the spiritual mantle of Islam to spearhead the movement that the prophet had led. While Ali’s teachings about wisdom, justice, and selflessness continue to be cherished by both Shia and Sunni Muslims, his pluralist ideas have been buried under sectarian agendas and power politics. Today, Abbas argues, Ali’s legacy and message stands against that of ISIS, Al-Qaeda, and Taliban.

While shoveling snow one morning in Milwaukee, Wisconsin, author Milton Adams experienced pain like he never had before. When it erupted from his abdomen and swiftly moved to his chest, Adams realized that he was having a heart attack. As paramedics struggled to stabilize him, Adams' life was slipping away. He entered into the spirit world and experienced revelations that transformed his life. Adams' out-of-body experience enlightened him to the spirit world. It helped him discover that he was created in the image and likeness of God and is in the same class and realm with God. Adams shares his experience in *I Must Be from Another Planet: The Mantle of a Prophet* to highlight the special gifts that operate in the life of a prophet and provide guidance for those who have been called to serve God. Adams also describes how he has learned to live with the strangeness of being a prophet and how his relationship with God has grown and developed. *I Must Be from Another Planet* is a comforting guide that can help anyone adjust to the mantle that God has placed on your life.

Why Priests? Chosen Books

New York Times–bestselling author Garry Wills provides a provocative analysis of the theological and historical basis for the priesthood In a riveting and provocative tour de force from the author of *What Jesus Meant*, Pulitzer Prize winner Garry Wills poses the challenging question: Why did the priesthood develop in a religion that began without it and, indeed, was opposed to it? *Why Priests?* argues brilliantly and persuasively for a radical re-envisioning of the role of the church as the Body of Christ and for a new and better understanding of the very basis of Christian belief. As Wills emphasizes, the stakes for the writer and the church are high, for without the priesthood there would be no

belief in an apostolic succession, the real presence in the Eucharist, the sacrificial interpretation of the Mass, and the ransom theory of redemption. This superb study of the origins of the priesthood stands as Wills's towering achievement and will be of interest to all inquiring minds, believers and non-believers alike.

The Prophet's Manual Simon and Schuster

A "riveting and illuminating" Bill Gates Summer Reading pick about how and why some nations recover from trauma and others don't (Yuval Noah Harari), by the Pulitzer Prize-winning author of the landmark bestseller *Guns, Germs, and Steel*. In his international bestsellers *Guns, Germs and Steel* and *Collapse*, Jared Diamond transformed our understanding of what makes civilizations rise and fall. Now, in his third book in this monumental trilogy, he reveals how successful nations recover from crises while adopting selective changes -- a coping mechanism more commonly associated with individuals recovering from personal crises. Diamond compares how six countries have survived recent upheavals -- ranging from the forced opening of Japan by U.S. Commodore Perry's fleet, to the Soviet Union's attack on Finland, to a murderous coup or counter-coup in Chile and Indonesia, to the transformations of Germany and Austria after World War Two. Because Diamond has lived and spoken the language in five of these six countries, he can present gut-wrenching histories experienced firsthand. These nations coped, to varying degrees, through mechanisms such as acknowledgment of responsibility, painfully honest self-appraisal, and learning from models of other nations. Looking to the future, Diamond examines whether the United States, Japan, and the whole world are successfully coping with the grave crises they currently face. Can we learn from lessons of the past? Adding a psychological dimension to the in-depth history, geography, biology, and anthropology that mark all of Diamond's books, *Upheaval* reveals factors influencing how both whole nations and individual people can respond to big challenges. The result is a book epic in scope, but also his most personal yet.

The Mantle of the Prophet Pantheon

The kings of Israel and Judah were in serious trouble with the Lord. Twelve years of worshiping Baal and golden calves, listening to Jezebel, and killing the prophets was catching up to them. Their earthly kingdoms were coming to an end, and the Lord would move quickly when he moved. What appeared to be harmless details to them was in fact rebellion in the sight of God. While the kings served the gods of this world, Elijah and Elisha did not. They were dedicated only to the Word of the Lord, and if the Lord didn't speak directly to them, they didn't move at all. And when they did move, it was with the authority of the Lord, resulting in dramatic calling down of fire from heaven, a three-year drought, people raised from the dead, and many other miraculous events. But did Elijah and Elisha take any glory? No, Elijah didn't even accept Naaman's token of appreciation - so completely was he relying only on the Lord's provision. The lives of Elijah and Elisha, as well as the corrupt lives of the kings, serve as important lessons for us today. In addition, there are many prophecies in 1 and 2 Kings that are now being fulfilled. Your own life will be changed forever

if you apply even one truth that the Lord reveals to you in this book.

The story of Esther offers one of the most gripping dramas in the Bible. An evil plot threatens not only the beautiful young queen but all her people. The future of the nation is stayed on one hope--that Esther can intercede with the king. From the story of Esther, Larry Christenson presents a bold view of intercession. The intercessor stands between two realms, the natural and the spiritual. Intercessory prayer brings the power of heaven down to earth. Step by step, Esther's intercession results in deliverance from the power of evil. The power of evil intrudes in our lives, too. It comes under many guises--schemes, betrayal, sickness, addiction. What can we do? *The Mantle of Esther* presents a challenge to enter that place of intercession where the enemy in our midst must yield to the authority and power of the King of kings. Book jacket.

Understanding the Mantle of the Prophet Penguin

In this 21st century church, it is valuably important that we as believers in Jesus Christ are to understand any gift given or presented to us. Because the gift of prophecy is in such high demand, we must have a complete understanding of the gift and the office. It is increasingly important that as a prophet, the gift and the giver (God) of the gift are represented correctly. It is also important for those who are laity to understand the designed function of the gift. To operate as a novice is dangerous. Also, to attempt to operate and not be called is erroneous, simply life-damaging and life-threatening. If you are called to the office/mantle of a prophet, you MUST understand the gift. You must live it and not just operate in it. At the completion of this manual, you will have a great understanding of prophecy, the prophetic and the mantle of a prophet. The designated functionary purpose is to present the rules and boundaries or what is acceptable and to help you discern when flesh is on parade. The Holy Bible records in Proverbs 4:7, "Wisdom is the principle thing, therefore get wisdom: and with all thy getting, get understanding." So, allow this manual to help to enlighten you as we open up and unveil "The Mantle Of A Prophet."

QASIDAH BURDAH THE THREE POEMS OF THE PROPHET'S MANTLE Translations & Introduction by Paul Smith Ka'b ibn Zuhair (died 7th century A.D.) was a famous poet who at first opposed Prophet Muhammad. Finally, he secretly went to Medina and approached the Prophet to ask if one who repented and embraced the faith would be forgiven. Mohammed answered yes and the poet asked, "Even Ka'b ibn Zuhair?" When he affirmed this, Ka'b revealed his identity and read a poem, his *Banat Suad* (of 55 couplets), which would become his most famous poem. As a reward Prophet Mohammed took off his mantle (cloak) and put it on Ka'b's shoulders. The second for Mohammed was composed by the eminent Sufi, Imam al-Busiri (1210-1297). The poem (161 couplets) is famous mainly in the Sunni Muslim world. It is entirely in praise of Prophet Mohammed, who is said to have cured the poet of paralysis by appearing to him in a dream and wrapping him in a mantle. The third poet of the 'Mantle' was Ahmed Shawqi (1869 - 1932) the great Arabic Poet-Laureate, an Egyptian poet and dramatist who pioneered the modern Egyptian literary movement, introducing poetic epics to the Arabic literary tradition. His 'Mantle' qasida is 190 couplets. The correct rhyme-structure has been kept and the meaning of these beautiful, powerful, spiritual poems. Pages 116 COMMENTS ON PAUL SMITH'S TRANSLATION OF HAFIZ'S 'DIVAN'. "It is not a joke... the English version of ALL the ghazals of Hafiz is a great feat and of paramount importance. I am astonished. If he comes to Iran I will kiss the fingertips that wrote such a masterpiece inspired by the Creator of all." Dr. Mir Mohammad Taghavi (Dr. of Literature) Tehran. "Superb translations. 99% Hafiz 1% Paul Smith." Ali Akbar Shapurzman, translator into Persian and knower of Hafiz's *Divan* off by heart. "Smith has probably put together the greatest collection of literary facts and history concerning Hafiz." Daniel Ladinsky (Penguin Books author). Paul Smith (b. 1945) is a poet, author and translator of many books of Sufi poets of the Persian, Arabic, Urdu, Turkish, Pashtu and other languages including Hafiz, Sadi, Nizami, Rumi, 'Attar, Sana'i, Jahan Khatun, Obeyd Zakani, Nesimi, Kabir, Mu'in, Anvari, Ansari, Jami, Khayyam, Rudaki, Yunus Emre, Bulleh Shah and others, and poetry, fiction, plays, biographies, children's books and screenplays.
